Dave:

When will you have the data on GKM flow rate trends? I think whatever you're pulling for Tom McNamara will suffice.

Johanna Miller has been asked to report out on it at the Animas River Stakeholders' Group tomorrow evening. Can you please share with Johanna and me as soon as you have this?

Thanks,

Peter Butler with ASRG along with a general update is specifically interested in the current flow rate out of the Gold King and whether its changed from the 550 gpm value he has heard. Thanks

Terrific, I'll work through Ralph to get the updates. He said COB today wasn't a problem.

That all sounds great – Dave does not think it is necessary to have someone at the meeting and wants them focused on the response. I will convey that to Peter Butler. Johanna

Johanna:

Ralph Ferguson, Field PIO/Finance Section Chief for ICP, said Hays Griswold is lead OSC at the mine today but Steve Way is returning sometime today. He wasn't sure who would be lead tomorrow.

He's going to ask Hays for general updates on R&B and GKM that are suitable for dissemination at ARSG meeting tomorrow. I asked if he could get the updates to me by COB today so I can share with you tonight. If you have any questions, or need any additional info, please let me know ASAP as I'm heading up to the mine first thing in the morning and can work on filling any gaps.

Also, if Dave isn't comfortable with you/I delivering the general updates, and prefers that Hays or Steve attend in-person, please let me know ASAP so I can communicate this to them. I didn't mention this possibility to Ralph as I didn't want them having to worry about coverage unless Dave really felt they need to be at ARSG.

I also sent a note to Paula asking if she would find out what process we should be following for ARSG follow-up questions...both those already received, as well as any we get tomorrow. As

soon as I hear back from her I'll let you know. In the meantime, if there are unanswered questions that you feel are appropriate for you to respond to, maybe shoot an email to Reggie's folks and see if they want you to answer those.

More to come...I'm sure!

**Subject:** ARSG Agenda for Sept. 22 Meeting

Dear Stakeholders – Attached is the agenda for our next meeting in Durango at 6:30 in the La Plata County Commissioner's room. Note that the commissioners are in a new location – the building diagonally across from the northwest corner of the county courthouse. The address is on the agenda. Doug Jamison with CDPHE (Hazardous Waste and Materials Division) will give a presentation on the Superfund process.

Also attached are meeting notes from our August meeting. Hope to see you next Tuesday.
